 Processing Average: **1.7 Days**

# HORIZON Turnaround Time Report

From: **Sep. 13, 2003** To: **Sep. 13, 2004**

The number of samples included in the specified date range and the average times each spent in shipping and processing is summarized in the top left corner of the report.

The Turnaround Time Report can be run for any specified date range.

HORIZON graphs and lists how many days samples spend in both shipping and processing based on the date they were taken, the date received in the laboratory and the date processing was completed.

**The HORIZON Turnaround Time Report identifies bottlenecks in shipping and processing and enables your employees AND your laboratory to share in the responsibility of maximizing this integral part of your oil analysis program.**
